

# ORIGAMI FORTUNE TELLER

Now you can see the future just like Destiny! With this origami fortune teller you can impress your friends with your psychic powers.

## ***Supplies needed:***

- Construction paper
- Scissors
- Pen or pencil

1. Start by making a square piece of paper. To start making the square, fold one corner of a piece of paper over to the adjacent side.
2. To finish making the square, cut off the small rectangle, forming a square (which is already folded into a triangle).
3. Fold the two opposite ends of the triangle together, forming a smaller triangle.
4. Open the paper up (unfolding all the folds).
5. Fold a corner into the central point. Repeat with the opposite corner. Repeat with the other two corners. You'll end up with a square.
6. Flip the paper over. Fold a corner over to the centre. Repeat with the opposite corner. Fold over the 2 remaining corners. You'll end up with a smaller square.
7. Fold the square in half. Unfold and fold in half the other way.
8. Unfold and pull the four ends together, making a diamond-like shape. Pick up each of the four square flaps, and put your fingers inside. You will be able to move the four parts around.
9. Write any four colors on the four flaps. Flip it over, and write 8 numbers on the triangular flaps.
10. Write 8 fortunes inside the flaps (underneath the numbers). Some examples of fortunes include:
  - You will get an 'A' on a test
  - You will be rich
  - Do a good deed today
  - You will have many friends
  - Be careful on Tuesday
  - You will have very good luck on Saturday

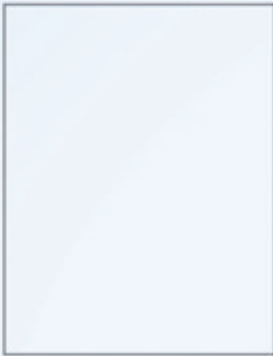

Have a person choose one of the four colors. Spell that color out, while moving the fortune teller in and out for each letter. Then have the person choose one of the numbers that is showing. Move the fortune teller in and out the right number of times. When you finish, have the person choose one of the four visible numbers. Open up the flap they choose, and read their destiny.

**See the next page for visual instructions.**

## ESCAPE FROM OZOX'S PRISON

**Number of Players:** At least three

**Equipment:** One metal can

This game is a variation of tag and hide & seek. One person or a team of people are designated as “CFCs”. Place a can in the middle of the playing area. The other people run off and hide while the “CFC” covers his or her eyes and counts to a certain number. The “CFC” then tries to find everyone. If a person is tagged, they go into a holding pen (“prison”) for captured players (Clouds). If one of the un-captured players manages to touch the can, the captured players are released. The game is over once all the non-“CFC” players are in the prison.

## DR. OZOX SAYS...

**Number of Players:** 3 or more

A play on Simon Says, this game can be played anywhere, even in a car or other small spaces. One person is Dr. Ozox and starts by saying, “Ozox says, *insert action here.*” Just like the Dreamzonian Clouds under Ozox’s spell, everyone must then do the action. However, if Ozox makes an action request without saying, “Ozox says” to begin the request, anyone who does that action is out. The last person still playing in the end will be Ozox for the next round.
